The Daily Press.

Honorong, June 4th, 1895.

THE Chinese subsidiary coinage, which has hitherto proved such a convenience to the Emmott Barlow. M.P., referred to is a partner colony, is likely to become an equal nuisance. To some extent the unisance has already Primrose is a first consin of Lord Rosebery's been experienced, for the coins have not been and has just been appointed Chairman of accepted by the Post Office, and a person Customs in succession to the late Sir Robert with a packet full of them has been unable to purchase a stamp. Visitors have probably been more inconvenienced by this than on residents, for the latter usually keep a stock of stamps on hand, or they are at all events acquainted with the rule and can make provision accordingly. Not so with the globe-trotter, who, having provided himself with small change to meet his temporary requirements, goes to the Post Office to buy stamps for his correspond dence and finds, perhaps just as the post is about to close, that his ten and twenty cent pieces are useless for that particular pur- Kurs Court on the 15th May: Nothing is de- Gunner Deas 23 might feel it an indignity that the colony should be to so large an extent dependent c inage, have fully appreciated the addifficulty as much small change as they coins for all ordinary purposes and in business sentiment does for much. Now, however, the Banks have followed the lead compelled to follow soit, and in a short time the coins will be at a substantial discount. The movement is only just commencing, but we notice that the Ice Company now puts a Chinese subsidiary coins will not be accepted circulation, as the Japanese subsidiary coins here is the reason why she has best views are the Japanese subsidiary coins here is the reason why she has best views are the Japanese subsidiary coins here is the reason why she has best views are the Japanese subsidiary coins here is the reason why she has best views are the Japanese subsidiary coins here is the reason why she has last visit, though I have noted it for the last do, selling the timber for firewood, and sung the last views are limited to the proceeded. The beast carried both hydrogen, and whose discoveries may not have the officer and the man over the side of a khud remaked us for a host of conceivable causes promised us feet deep. Capt. Burne's body was Some startling results, atated Lord Rayleight the other day at the Royal Institution, have been obtained in investigating the sensitiveness of the ear to sounds. By one method he found that the ear is capable of responding to an

amount of condensation and rarefaction in the air edual to one twenty-millionth of an atmosphere, though by other experiments the amount seemed to be a tenth less." A point of some difficulty is, how do we know the direction of sounds. By trist he found that pure sounds, such as those of a tuning fork, tell their direction with certainty only when 'at the right or left; while with other sounds, such as those of the voice or of clapping the hands, the ear could easily judge the direction, wherever it was.

Nearly 40,000 tests by the forestry distinion of the Department of Agriculture have established ters that, acting on the precedents prested by hours doubled in two. French scientists have ture; large and small timbers have qual strength a column as well as a beam; long-leafed pine is stronger than average oak, blending does not impair timbor.

bas taken the trouble to ascertain to what extent his country has contributed, during the last ten years, towards the increase in the army of duellists. The following figures are the result of his researches:-" From 1884 to 1894 no less than 9:7 duels were fought in Italy. over manapaper controversies; 73, by rival lovers; 377 over political questions; 289 for insults; 188 for private reasons; and 19 over gambling quarrels. In 79 cases the cause of the duel was unknown. Journalists and officers in Italy are first among ducllists. Of the 53s duels fought in 1884 156 were fought by journalists and 165 by officers in the army. Of duelling lawyers there were 64; students, 63; professors, 22; deputies, 14; engineers and architects, 13; servants 6; and bankers, 3.

Parrots are in many respects, no doubt, wonderful birds, and to the many stories concerning Boihow them has to be added one from Mayfair. The particular bird in question was in the habit of Bolinao calling the footman who fed it " Jacko," and the correspondent of the Monofester Evening News. who tells the story, saye that by and by the footmay left the cetablehment. Years passed and he was forgotten. One afternoon, however, the parrot suddenly startled the inmates of the house by muttering "Jacko" rapidly, and excitedly, as it were in his dresurs. Someone had the curiceity to run to the window, and was just in time to see a carriage disappearing in the distance, on whose box ast Jacko the footman, in Hongkong all the glory of powdered heir. The bird, who had never wen him in the guise before, must, it is alleged; have recognised him at once.

The stooling machine", at the Royal Ex change has, after helf a century's tear and wear' "given out," and a new one has been ordered and will, according to the City Press, be in its place in two or three months' time. Up to the prosent time only four tunes bave been played-"The Old Hundred h." "God Save the Queen. "Auld Laug Syne," and " The Roast Beef of Old England"—but the programme in future will be more extensive. The new chimes will consist of a patent earillon machine, with three interchangeable barrels, each barrel playing seven tunes or a total in all of twenty-one tunes, divided as follows: -An English barrel, with seven English airs; a Scotch barrel, with seven Scotch sire; and an Irish barrel, with seven Irish airs. There will thus be an English week, a Scotch week, and an Irish week. The barrels are so arranged that on Sundays a sacred tune will always be played.

With which is incorporated THE CHINA DIRECTORY. LITETY-THIRD ANNUAL ISBUE.

and will be found, as usual, to show an advance

The DIRECTORY covers the whole of the ports and cities of the Far East from Penang to Vladivostock in which Enropeans reside. Not only is the Directory as full and complete in each case as it can be made, but each Colony. Port, or Settlement is prefected by a DESCRIP TION, carefully revised each year, most of which will serve as accurate Guides for the Tourist, kiving every detail in connection with the places, their History, Topography, So., &c. The Information afforded in these Descriptions slone would suffice to fill an ordinary volume, consisting of over vinery highly interesting articles, packed with facts concisely set out, and containing statistics of the TRADE of each Country and Port.
